

Tactical Encounters Inc. Presents

Raid Planning & High Risk Warrant Service

This Course was specifically designed for those officers whose assignment may require them to design a Raid Plan, conduct a briefing and then execute the plan on a structure that poses a risk to those involved. It will provide instructions on how to create a form that encompasses all necessary requirements for a safe and successful execution of the warrant, whether the objective is to seize property, or to make an arrest. The tactics taught in this class provide for fluid, yet safe methods for conducting searches and taking people into custody. **Tactics include: Approach, positioning at entry points, breaching, tactical entries, establishing footholds, shielding, secondary sweeps, cover/contact principles and more.** This Course involves lecture, demonstrations, practical exercises and reality-based scenarios.
