

Tactical Encounters Presents

Two-Day Advanced Patrol Rifle Course

This course has been designed to build upon the skills already learned in a Basic Patrol Rifle Course. Students will then move onto more advanced tactics and reality-based scenarios utilizing their own rifles with UTM bolt inserts.

Officers will move past static courses of fire on the Range and challenged with dynamic real-world scenarios utilizing force-on-force simulators to challenge their decision making along with their newly acquired skillset. This Course was specifically designed to address light and low-light encounters.

This course will give the Officer a thorough understanding of rifle marksmanship and the tactical use of the patrol rifle. Officers will be challenged each day and will quickly gain experience, confidence and increase their skill level and effectiveness with the rifle.

October 9-10

12:00 PM-8:00 PM

Canton Police Range, Canton Twp., MI

Cost: \$350.00
